Subject: Going out of Business & Dissolution of Education Foundation

In 2007, a group of students and faculty agreed that the yoga center should seek a determination from the IRS that would allow donors to deduct their charitable contributions from their taxes. The group hoped this would increase donations and make the yoga center more financially viable.

We formed Show Me Yoga Education Foundation, a non-profit corporation, on June 19, 2007 and immediately began operating the yoga center. We are the original incorporators and Board of Directors. Since that time, the Foundation has served thousands with regular classes and special programs.

However, our several attempts to obtain from the IRS a determination that would allow donors to make tax-deductible donations have failed. Thus, the purpose for which the non-profit corporation was formed is no longer attainable.

At a regular meeting of the Board of Directors held earlier this month, we unanimously voted to dissolve the corporation in May, 2010, pending satisfaction of all debts and liabilities. We also unanimously resolved to do this in a manner consistent with the applicable laws of the State and the dissolution clause in the Articles of Incorporation.

When the foundation was formed, we had nothing but the good will and intentions of our friends and donors. So the foundation entered into a contract with The Yoga Group LLC to operate the yoga center.

Due to increasing operation costs, significant debt, the imposition of a new Missouri sales tax, and the devastating impacts of additional expenses and loss of students associated with temporarily relocating the yoga center, The Yoga Group LLC has informed us that it will go out of business in April, 2010.

We are grateful to the members of the LLC for the great personal sacrifices they made to keep the yoga center open through difficult times. We are thankful as well for the yoga teachers who have so graciously passed along the gift of yoga to all who participated in our offerings.

Most of all, we thank our students and donors. Each of you learned yoga, loved yoga and lived yoga. Your generosity made it possible for other to do that, too.

Sincerely,

Show Me Yoga Education Foundation
